

English

Read something every day. You can read anything... books, ebooks, online books, magazines, comics, recipes, just make sure you read!

Please look at the Read and Respond unit on year 4's class page. There are some creative, fun activities to complete each day.

Click on the links to read the texts or watch the film clips. The unit lasts for a week and each day's activity should take 30-45 minutes.

Complete written work in your exercise book.

Spelling

Try and learn as many spellings (4 x a week) from the Year 3 spelling lists as you can. Tick them off when you've learnt them. Remember use some of the games we use in school.

PE

Try to do some kind of physical activity every day. Joe Wicks on YouTube is great, or visit

<https://lancshireschoolgames.co.uk/year-3-6-spar-lancashire-school-games-activity-timetable/> for more ideas

Maths

<https://whiterosemaths.com/homelearning/>

This website contains daily maths lessons. Watch the short video and try to answer the questions in your exercise book. If you find the work too difficult, don't worry, have a go at another year group. The main thing is to keep your brain working!

Try to complete at least 3 lessons per week.

<https://trockstars.com/>

Try to play TTRockstars everyday for 10 minutes. There is also a new game on there called 'Numbots' which focuses on addition and subtraction. The same login should work for both games. Doing this daily will keep your maths brain working well!

There are also lots of fun games to play at <https://www.topmarks.co.uk/maths-games/7-11-years/>

Topic

Your focus is the Olympics! Try and complete at least 2 per week.

- Research a famous athlete from the past or the present day.
 - Find out about a city that has hosted the Olympics in the past. What facilities are still there?
 - Find out about the Ancient Greek Olympics - who would have competed? What sporting events were included?
 - Design an Olympic Mascot for the Tokyo 2020 Olympics.
 - Design your own Olympic Stadium - remember to include a medal podium and Olympic flame!
 - Watch some of the cartoons involving Miraitowa and Someity - The Tokyo Mascots
- <https://tokyo2020.org/en/special/mascot/>. Write your own story involving the two characters.

Science

Science at home can be great fun! This website has some great ideas for activities you can do in the house or garden
