

English

In English, we will be reading a picture book called *Croc and Bird*. During this unit, we will be writing a range of different text types and focusing on inference of the characters' thoughts and feelings.

Computing

In computing, we will be combining a variety of different pieces of software to create our own interactive picture books including an audio recording of the book.

Maths

In Maths, we will be focusing on our understanding of place value. We will be looking at numbers with up to 6 digits and finding out how to represent these in a variety of ways in order to begin working on calculation strategies.

Geography

In geography, we will be finding countries using atlases and trying to match aerial photographs to maps. We will also be finding out about the impact humans have had.

PSHE

In PHSE we will be focusing on identity and diversity. We will be identifying how our differences can be celebrated.

Religious Education

In R.E, we will begin looking at the Christian faith and answering the question, 'How should we live our lives?'

Science

In Science, we will be studying how living things are classified according to their features. We will also be creating classification keys to group animals.

Design Technology/Art

In Art, we will be experimenting with different textures and effects with water colours being our main focus and medium.

Physical Education

In PE, we will be focusing on competitive games and how we can use our skills to attack and defend our opponents.

Music

In music, we will be beginning to learn the fife, focusing on creating a full sound and learning basic finger positions.

Languages

In Languages, we will continue playing games, singing songs and expanding our vocabulary in French.

What are we doing this half term in year 4?

YEAR 4 – AUTUMN 1
2019-2020

English

In English this half term we will be reading Pax by Sara Pennypacker and discovering the different features contained within. We will be writing a variety of different text types focusing on vocabulary and sentence structure.

Computing

In computing we will be improving our use of the internet and search skills. We will be using technology to help us create digital art such as cameras and photo editing software.

Maths

In Maths, we will be focusing on our understanding and use of number and place value. We will be working on our use of formal written addition and subtraction and applying these skills in reasoning problem solving activities.

History

In history we will be investigating World War One. We will find out the reasons for the war beginning and then finding out how propaganda and rationing influenced the people of Colne at the time.

PSHE

In PSHE we will be looking at how we can make the correct choices in life.

Religious Education

In R.E, we will be focusing on Christianity and where we can find guidance on how to live our lives.

Science

In Science, we will be looking at the properties of different materials and how these properties can be utilised when mixing and separating them.

Art

In art we will be creating WWI themed propaganda posters using digital media such as photography and editing software.

Physical Education

In PE, we will be completing competitive games, improving our throwing and catching skills.

Music

In music, we will continue to learn the flute, improving our tone and increasing our note repertoire.

Languages

In Languages, we will be learning French, greeting each other and discovering how to take part in short conversations.

What are we doing this half term in year 5?

YEAR 5 – AUTUMN 1
2018-2019
