22nd May 2018

You may be aware that new regulations regarding data protection come into force on 25th May this year. This includes how schools record and keep pupil data and information. We have been reviewing our practice in line with this. Please find attached information regarding our Privacy Policy & Statement. You can also find the policy on the school website or request a copy from the school office.

Our Data Protection Officer is Stephen Brown, one of our school governors. He can be contacted through the main school office.

Don't forget our EGYPTOLOGY MUSEUM.

This Friday 1.30pm – 3pm. Please come and join us and see the work your children have been doing.

SUN, SUN, SUN.

We are enjoying a lovely spell of sunny weather at the moment. Trips without rain – which makes a change!! Please remember to apply sun screen before school and to supply a sun hat for your children whilst outside. Please also name these.

Greenfingers 2018

Our annual competition is now running. Details will come out on a separate sheet. We have two elements to it this year; a planter and a garden ornament for attaching to a fence. Colne in Bloom judges are always impressed with the work you do for this and it would be great to show off with an even bigger display this year.

We also have some lovely new planters for use by the children. These are at the side of the trim trail and will hopefully soon be blooming with plants.

FURNITURE UP FOR GRABS!

We have some pieces of furniture that are no longer required; these include wooden and metal cupboards.

If you think you would like any of them please come and ask. They are free to a good home.

SCHOOL CLOSSES THIS FRIDAY 25TH MAY 3PM

SCHOOL RE-OPENS MONDAY 4TH JUNE
